

VARIO-TOP®

invatec
Always an **innovation** ahead

Innovative cable ducts **FLEXIBLE USAGE.**

Not only railway connections need to be flawless!

Moving things with cables, whether energy or data flows – what counts is smooth communication for boundless mobility and quality of life. As a recognized company in the field of plastics technology, we develop and manufacture plastic cable ducts. But for us, average is not enough: We are committed to solutions that offer a plus in innovation, quality, safety and economy.

When building industrial and infrastructural facilities, you quite often have to expect rough and topographically difficult terrain to deal with. But even under such circumstances, the installation of cables should not cause any problems, provided that you use the **VARIO-TOP® pillar-mounted cable duct system**.

VARIO-TOP® is a high quality and at the same time multi-functional cable protection system with a comprehensive range of accessories available. Special elements are available on request.

invatec – always an innovation ahead!

Advantages

The cable duct is extremely light and at the same time solid. It is easy to install and offers reliable protection for sensitive cables and leads against any influence from the outside – also in topographically difficult terrain.

The rugged system allows for all forms of pillar mounting. Uneven ground surface, slopes and inclines, bends – no problem for VARIO-TOP®. What you will get is a maximum of flexibility when it comes to cable protection and ease of installation.

- One-piece supporting structure and cable duct
- No time-consuming installation of the cable ducts on the supporting structure
- Quick-action fasteners for the lid
- Standard span of 6 m
- Low transport costs, simple handling
- Low storage costs
- Solid design, made of glass-fiber reinforced plastic material (GRP)
- Non-conductive, consequently no earthing required
- High mechanical stability
- Fire protection category K1 acc. to DIN Standard 53438 Part 2
- Permanent dimensional stability between -30 °C and +85 °C

VARIO-TOP® size 1

Technical specifications / dimensions

Length:	6,000 mm
Width:	100 mm
Height:	150 mm
Weight:	32 kg
Fire protection category:	K1 in acc. with DIN standard 53438 part 2
Material:	MR – mats and roving reinforced fiberglass section

Description	Article no.
VARIO-TOP® size 1 complete, incl. Lid, mounting and adjustment plate and steel pillar 1.5 m	*C000121
VARIO-TOP® size 1 complete, incl. Lid, mounting and adjustment plate and steel pillar 2.0 m	*C000123
VARIO-TOP® size 1 complete, incl. Lid, mounting and adjustment plate and steel pillar 2.5 m	*C000122

VARIO-TOP® cable trough

Description	Article no.
VARIO-TOP® cable trough	C000305

VARIO-TOP® lid

Description	Article no.
VARIO-TOP® lid	C000306

VARIO-TOP® steel pillar

Description	Article no.
Steel pillar 1.5 m	D000101
Steel pillar 2.0 m	D000102
Steel pillar 2.5 m	D000103

VARIO-TOP® mounting and adjustment plate

Description	Article no.
VARIO-TOP® mounting and adjustment plate	D000127

VARIO-TOP® lowering kit

Description	Article no.
VARIO-TOP® lowering kit	D000128

VARIO-TOP® size 2

Technical specifications / dimensions

Length:	6,000 mm
Width:	250 mm
Height:	150 mm
Weight:	52 kg
Fire protection category:	K1 in acc. with DIN standard 53438 part 2
Material:	MR – mats and roving reinforced fiberglass section

Description	Article no.
VARIO-TOP® size 2 complete, incl. Lid, mounting and adjustment plate and steel pillar 1.5 m	*C000210
VARIO-TOP® size 2 complete, incl. Lid, mounting and adjustment plate and steel pillar 2.0 m	*C000211
VARIO-TOP® size 2 complete, incl. Lid, mounting and adjustment plate and steel pillar 2.5 m	*C000212

VARIO-TOP® cable trough

Description	Article no.
VARIO-TOP® cable trough	C000414

VARIO-TOP® lid

Description	Article no.
VARIO-TOP® lid	C000413

VARIO-TOP® lowering kit

Description	Article no.
VARIO-TOP® lowering kit	D000124

VARIO-TOP® steel pillar

Description	Article no.
Steel pillar 1.5 m	D000101
Steel pillar 2.0 m	D000102
Steel pillar 2.5 m	D000103

VARIO-TOP® mounting and adjustment plate

Description	Article no.
VARIO-TOP® mounting and adjustment plate	D000123

Special solutions

England – Doncaster

VARIO-TOP® size 2 along the track line

Netherlands

VARIO-TOP® size 2 – Special solution on a noise barrier

ESTW Saarbrücken, Germany

Three parallel cable ducts on one support

Geisingen, Germany
